Dear Sonny:

I was glad to get your letter asking about a meeting. I have just talked to Gottlieb and Leuschner, and they are both in favor of the meeting, but we all think Monday would be a better day. No body is playing Monday and everybody will be busy Saturday getting ready for Sunday.

Everything you said in your letter should definitely be taken care of.

I guess you would have to contact Tom, about calling the meeting.

Gottlieb suggested Philadelphia would be the best place for it, as it would be the most central spot. I would not object to going to Philly, but there are so many more people in New York. Use your own judgement about the spot.

Very Truly Yours
